This is our planned itinerary. But, it is subject to change without notice if circumstances dictate. Alaska is so big; she can take a lifetime to see. You will see that this caravan covers a particular portion of the state and sometimes Canada – on purpose. Our aim is to show you Alaska at a more leisurely pace so that you can enjoy the trip. Our goal is to give you an Adventure of a lifetime.

We are your aide, YOU ARE THE CAPTAIN! You may choose to opt out of activities, but we hope you don't. However, without advance written notice (2 weeks prior to the beginning of trip) you will continue to pay for that activity. We are subject to others cancellation policies, you see. We will confer with you many times prior to your departure, and with that in mind we should all be “on the same page” when we depart.

If you have special interests, tell us how we can help you to explore your passion.

Please see our Caravan Question and Answers Page on our website for many of the answers to your questions. And, we are happy to chat or email to answer any others you may have to ask.
